RESPONSE CORRECTING NOTICE TO FILE MISSING PARTS AND REQUEST FOR CORRECTED FILING RECEIPT

Assistant Commissioner for Patents
Office of Initial Patent Examination
Customer Service Center
Washington, D.C. 20231

Dear Sir/Madam:

Applicants filed the above-referenced application with the U.S. Patent and Trademark Office on December 5, 2000. This application was co-filed with Application Serial No. 09/730,306 Methods and Systems for generating Documents From Voice Interactions, Confirmation No. 6886. As evidenced from the attached filing receipt, the Patent Office has inadvertently mixed these two applications and confused the files. Enclosed herewith is the original post card receipt indicating that the correct Serial No. of 09/730,353 belongs to the application entitled Methods for Peer to Peer Sharing of Voice Enabled Document Templates and not Methods and Systems for Generating Documents from Voice Interactions as the filing receipt received indicates.

Moreover, it appears since the Office mixed the two applications, the notice to file missing parts indicates the oath was not properly filed, although as evidenced from the attached materials it clearly was filed properly, and is again provided for the Office's reference. However,

Applicant has corrected the margins on the originally submitted drawings as required by the new rules.

Please resolve the filing receipt indicating that Serial No. 09/730,353 has an attorney docket No. of 25526-1B, with dual inventors of Gregory J. Kapust and Charles Cole Nofsinger and a title of Methods for Peer to Peer Sharing of Voice Enabled Document Templates, with 6 drawings, and 20 claims, and reissue a corrected filing receipt. Furthermore, accept Applicant's corrected drawing sheets. All previously filed material is enclosed herewith for the Office's review, along with the Notice to file Missing Parts which belongs with the co-filed application have the Serial No. 09/730,306. A separate response will address the correction of the Application with Serial No. 09/730,306 Methods and Systems for Generating Documents from Voice Interactions.

Applicant sincerely believes that this is a complete response to the Office's notice to filing missing parts and corrects all objections pending and respectfully request a corrected filing receipt indicating the same.

Respectfully submitted,

By

LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 36 CFR 1.53(d). This license is not-retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15 (b).

PLEASE NOTE the following information about the Filing Receipt:

- The articles such as "a," "an" and "the" are not included as the first words in the title of an application. They are considered to be unnecessary to the understanding of the title.
- The words "new," "improved," "improvements in" or "relating to" are not included as first words in the title of an application because a patent application, by nature, is a new idea or improvement.
- The title may be truncated if it consists of more than 600 characters (letters and spaces combined).
- The docket number allows a maximum of 25 characters.
- If your application was submitted under 37 CFR 1.10, your filing date should be the "date in" found on the Express Mail label. If there is a discrepancy, you should submit a request for a corrected Filing Receipt along with a copy of the Express Mail label showing the "date in."
- The title is recorded in sentence case.

Any corrections that may need to be done to your Filing Receipt should be directed to:
